

**MATH 250, Autumn 2011**  
**Calculus II**

**Jerzy Kocik**  
Neckers A377  
jkocik@math.siu.edu

---

OFFICE Hrs:            Announced in class

TEXT:                    Stewart: Calculus with early Transcendentals, 5th edition [Chapters 6—9]

GRADING:            Tests (3, 100pts each)            300 pts  
                              Quizzes (~12, 2 will be dropped)    100 pts  
                              Homework                            100 pts  
                              Final                                    200 pts

ATTENDANCE:        **Required.** If your attendance is satisfactory (**no more** than 3 absences), then your lowest test score will be replaced by (half of) your Final Exam score (if better). Use your 3 “personal days” wisely.  
[Students missing more than 6 classes will be asked to withdraw]

QUIZZES                About 12 quizzes will be offered randomly. **No makeup quizzes will be offered.**

HOMEWORK:            Homework will be suggested every meeting, and assigned every Friday (due next Friday). Keep a special **Problem Notebook**.

CONTINUOUS WORK ON PROBLEMS IS THE WAY TO MASTERY

Part of your assignment is to rewrite and rethink the examples from our meetings. They may show up on popup quizzes.

FINAL:                    Final exam will be comprehensive. No graphing calculators!  
You **have to pass** the Final in order to pass the class.

GRADE SCALE:        Grades **A B C D** correspond to (at least) **90 80 70 60** % respectively.

HELP SESSION:        Offered at the Study Hall, the 2nd floor of Neckers B:

Mon – Thur:    4 pm — 9 pm  
Sunday:         7 pm — 9 pm

WEB PAGES:            Go to [www.math.siu.edu](http://www.math.siu.edu) . Choose “**courses**”, then “**Fall 2011**”, then “**Courses with web-pages**”, and finally “**250 Kocik**.”

You should arrive at: <http://www.math.siu.edu/kocik/classes/m250/m250.htm>
